PROFESSIONAL SUMMARY

Full Stack and React Native Developer with 1+ year of professional experience across agency and freelance environments, specializing in Next.js web applications and cross-platform mobile apps with React Native and Expo. Builds SaaS dashboards, e-commerce storefronts and REST APIs using TypeScript, Node.js and MongoDB. Has delivered 15+ live client projects for businesses worldwide. Experienced in frontend architecture and delivering clean, type-safe, maintainable software that turns business requirements into intuitive products.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS v4, Ant Design, NativeBase

Mobile: React Native, Expo, React Native CLI

State Management: Redux Toolkit, RTK Query, Zustand

Backend & APIs: Node.js, Express.js, REST API Design

Databases: MongoDB, MongoDB Atlas

Tools & Deployment: AWS, Git, GitHub, Postman, Railway, Vercel

CMS: WordPress Theme Customization

PROFESSIONAL EXPERIENCE

Frontend Developer (Executive Frontend)

Sparktech Agency · Aug 2025 – Present

- Lead frontend development and architecture for modern web applications using React, Next.js, TypeScript and JavaScript.
- Build scalable SaaS dashboards, admin panels, e-commerce platforms, data-driven interfaces and business applications with responsive and reusable component architecture.
- Integrate frontend applications with REST APIs, handling data-driven interfaces, forms, authentication flows and dynamic user interactions.
- Contribute to full-stack web development, including API integration, backend functionality, database operations, authentication, payment integrations and production deployment.
